Lead Security Engineer

Job Description

Company Overview

- A bank for banks and other financial institutions, focused on being a strategic partner for their members and working together to reinvest in their communities, from urban centers to rural areas.
- Their mission is to partner with their members in Illinois and Wisconsin to provide them competitively priced funding, a reasonable return on their investment, and support for their community investment activities.

Requirements

- 7+ years' experience in Cybersecurity as a practitioner, with at least 2-3 years exposure with AWS or Microsoft Azure.
- Experience writing documentation ranging from deep technical write-ups to end user guides.
- Experience with leading team through coaching and by example
- Bachelor's degree or equivalent experience in Computer Science, Information Technology, Cybersecurity, or related field. Relevant security certifications (CISSP, GSEC, CCSP, etc.) are highly desirable
- Experience with scripting languages such as Python, Ruby, PowerShell, and JavaScript.
- Experience and understanding of various regulatory requirements and laws, including but not limited to: Sarbanes-Oxley Act (SOX), and Gramm-Leach-Bliley Act (GLBA). Additionally, experience in one or more of the following: CIS, ISO 27001/2, ITIL or NIST.
- Knowledge of IT security controls and IT infrastructure, especially IAM processes.

Job Responsibilities The Lead Security Engineer is responsible for managing the Security Engineering team, overseeing their work, and engaging with stakeholders outside the immediate group. This role involves promoting Baseline Security Configuration requirements for on-premises applications, cloud services, and SaaS applications. This individual will leverage their expertise in security and technology, along with strong communication and problem-solving skills, to guide the team and effectively collaborate with stakeholders.

Areas of Greatest Impact:

- Enhancing Security Protocols
- Team Leadership & Development
- Strategic Security Planning

City: Chicago, IL

Work Type: Hybrid 3/2 (On-site/WFH)

Experience Range: 7 - 10 Years

Salaried Offered: 150K
